

Looking to the Future with BuiltHub

Event programme

This is it! The BuiltHub project has nearly reached its end. Our final event will celebrate the key outcomes of the project, as well as frame their impact on the European building landscape.

With the recent recast of the Energy Performance of Buildings Directive in March 2024, it is an exciting time to explore innovative resources that can help European states reach their energy efficiency goals. After four years, we are delighted to share what the BuiltHub project is bringing to the table.

We recognise that sometimes the greatest sources of inspiration are found outside the office. With this in mind, we have organised a private walking tour to take place in the morning. The tour will visit a handful of buildings in Brussels that have been designed or retrofitted with energy efficiency and sustainability in mind. Should you wish to attend this portion of the event, please indicate this when you register.

Great food and drinks are an important part of every event, so be sure to join us for lunch and the networking cocktail immediately after the event.

See you soon!

Date: 14 May 2024, 10:30 – 17:00

Location: ICLEI Brussels Office, Rue du Luxembourg 19, 1000 Brussels

Register: <https://forms.gle/pdhPPNtfzPX5rqYC6>

This project has received funding from the EU's Horizon 2020 programme under grant agreement no 957026.

Time	Programme element
10:30 – 12:30	Study visit: exploring energy efficient building in Brussels Meeting location: ICLEI Brussels Office
12:30 – 13:30	Lunch and coffee
